

*Empowering Communities against Addiction*

**PRESS RELEASE**  
**7<sup>th</sup> August 2006**

**SUMMER KNOWLEDGE**

**THREE DAYS OF ACTION AT McDonald's Restaurant,  
Southall Broadway on Tuesday 15<sup>th</sup>, Wednesday 16<sup>th</sup> and  
Thursday 17<sup>th</sup> August 2006 11: 00am – 5.00pm**

DAAP's Ealing Drug Education Project will work with young people to increase their knowledge about drugs, Khat and community safety issues. This will be an opportunity for young people to talk to someone about their views, issues and problems as well as to find out about services and appropriate help.

***DAAP believes that knowledge empowers young people  
to make right choices.***

As one young person who attended a project drug education session said "I wish I could have got the right information on drugs before I tried them. My friend only told me about the highs, never the lows!"

**Summer Knowledge will take place over three days on  
Tuesday 15<sup>th</sup>, Wednesday 16<sup>th</sup> and Thursday 17<sup>th</sup> August  
2006 from 11: 00am – 5.00pm in the McDonald's  
Restaurant Car Park, Southall Broadway, Southall, Middx.**

**Summer Knowledge** has been organised by Drug and Alcohol Action Programme with support from McDonald's, Southall.

“DAAP’s Ealing Drug Education project continues to empower local communities in building their capacity to deal with drug, alcohol and Khat addiction. We encourage unity amongst all communities and work towards creating safer communities by increasing knowledge about addiction and crime issues. This is a great opportunity to bring together young people from diverse communities to learn more about how addiction and crime affect their communities” **says Perminder Dhillon, CEO, DAAP.** “Young people will also learn about other DAAP activities including Peer training and the Crime Diversion Scheme with Coldingley Prison”.

**Mr. Atul Pathak, Franchisee for McDonald's Restaurants in Southall and Iron Bridge said,** "I wanted to support this summer scheme, as I believe that the project is one that will have a positive impact on the young people in Southall. As a member of the business community, I think that it is also important to play my part in giving something back to Southall."
